14:48Personal insults get you far, Spooky! So does assuming things, too.

As does defending known script kiddies who DDoS other players who're better than them!!!

"GRR THAT GUY KILLED MEE!! IM GONNA HACK HIS COMPUTER!! THAT'LL SHOW HIM THAT IM BETTER THAN HE IS!!!!" *cry cry cry*

Yup, he has such an active, busy social life that he just doesn't have the time to make up all these little scripts and hacks since he just can't keep the ladies off his nuts!

Maybe I've gone a little liberal, or maybe it's just that I've matured a little, too, but I fail to see where any of this excuses the other. Correct me if I'm wrong, but doesn't one saying go, "two wrongs don't make a right"? I thought so.

I'm not excusing Kholdstare's actions for any DDoS that he may have been involved in (if any). However, it still doesn't automatically make it sensible to attack him because of it.

Until any of it can be proven, it's just speculation. Whether or not it's correct.
