---

this shotz guy also was known as {WG}LordEsiDe

He supposedly makes 9000 dollars a month and a 1337 website maker. From my experience with him, hes a 16 yr old kid. With no job, or making minimum wage.

Also note on his members page I seen the other day, hes got himself listed twice trying to make the clan look bigger then it really is, hes listed as DLoCLoRdEsiDe and sh0tz.

He was actually removed from our members list because he was "supposed" to be setting up a box by Friday (which was two or so weeks ago)

By Monday he hadnt shown his face around, so he confirmed the fact that he was full of shit. Promises you cant deliver on dont make for a good clan Leader Lord or should I say sh0tz.

Once he realized he couldnt hold up his end of the deal he just stopped coming around then formed his own clan. So dont let this guy fool you, he talks big and cant deliver on his word.
