I'm sure he did vote yes against himself, since he has shown that he obviously hates the entire community. Which is ironic because I remember a time when he was one of Renegades biggest supporters. I remember when he was proud of maps he made. I remember talking to him on Teamspeak, and he was excitedly talking about how advanced the Renegade engine was (specifically about how vehicles have gear ratios etc).

Then, at some point, something changed, and he decided that he hates renegade, and then the outpouring of "Renegay", "Gayguard", "Renegade is dead", and all the personal attacks upon anyone who was trying to do things for Renegade, especially mod and map makers.

So I have to wonder, if he hates everything to do with the game and the community, why is he even here of his own will, at all?

Jonathan is an intelligent person, and unique in many ways. I've never liked the way he put down on people, to me it seemed like he always had this need to totally erase from existence anyone that he didn't like, or that didn't think as he did.

But despite that, back then he did do good things for the Community as well, so he was sort of a Dr Jeckyl/Mr Hyde. Crimson usually tries to see the good in people, so she put up with his antics, I'm guessing because in her mind he was doing more good than harm.

Now after all the "Reborn Sucks", "Renegay", "Gayguard", "Renegade is dead|stupid|sucks", and yes, including attacking someone that has been his friend for years, it's time to realize that there is no more Dr Jeckyl, there is only Mr Hyde. He no longer does anything for the community (by does I dont mean things like maps, I mean support in general), he HATES renegade, doesn't even play the game anymore, and does nothing but attack the game and community. I still wonder why he bothers to come here if he hates the game and all of us so much. I guess its like a guy stalking an ex-girlfriend...from the looks of the vote tallys, the ex-girlfriend is filing a restraining order
