Sorry bout the brightness and the size. Didn't know that was not liked. I'm new to the forum. Um, about an image, I dont know how to do that other than just E-Mail it to you. The prob is I know about the lmg thing but I dont know how to get my picture on the net to begin with. I dont have a site or anyhing. If you could help me by accepting an E-Mail or by telling me another way that is great. Another way to contact me is CandCControl@AOL.com
