Just off the top of my head, I imagine the logs contain such juicy tidbits like:

1. Renguard information (protocol specs, passwords, etc)
2. Crimsons family life (serious private things)
3. Crimsons love life (I'm sure she at least talked to him about me)
4. Passwords to who knows what (Ack was a member of BHS and was trusted with lots of private information)
5. Info on acks private life

Thats just the tip of the iceberg. I'm sure that even Crimson herself cannot imagine the things the could be contained in over 2000 logs of private conversations. Uploading those to "the internet" was a really shitty thing to do, if not outright illegal.
