hmm... let's see

she was a nobody before i started promoting her. talking about how good she was in-game. how much of a team player she was. getting people to rally around her.

then suddenly she's got a new site... who else but me stands by her when she creates it? maybe someone else. i can't remember. i don't care that much anymore

as far as i'm concerned it doesn't take much to realize that i put her where she is now, and there's nothing i can do about her except expose the shit she's done.

sure, maybe i'm a "nobody" too.. but at that point i had a massive amount of influence in C&C's community and it didn't take much to get people to do what i wanted. looking back now it was all a waste. and so was supporting her.

i wonder where she'd be now if i hadn't
