my opinion of him is based on what i have seen of him on this forum, even though i havnt been here very long, i havn't had a positive impression yet.

and remember:

Quote:Please consider your own motives and opinions here. Simply put, [would these forums be better if he weren't posting on them?

from the negative things i have seen/heard about ACK, i voted yes.

anything else you feel you need to moan about?

my hair maybe

Again, what you've seen from him is what most people on these forums do...

As for these forums being "better" without him here... people are still going to do the same shit whether or not he's here. He's not the root of the problem.

now then, i never said he was the root of the problem, just that i think it would be better without him. (that keyword: better, i didn't say perfect)
