You claim you have been banned, yet you obviously are not banned because you can still post.

I apologies if that's hard to understand, but I can't make it any more basic than that.
sigh

I *was* banned, along with Aircraftkiller, and a bunch of others... some of whom were banned for saying things like "wow, so crimson WAS lying" and "spoony didn't do anything..." (and when you ban someone for saying something like that, there really is something wrong)

...and then, after Crimson's utmost efforts to conceal her actions from people like you proved a failure, she tried something else - lifting the bans, making one thread and getting as many people to spam it as possible (something I said at the time, but Xptek in particular went to great lengths to label me a "liar" for saying so... which, of course, turned out to be quite ironic, since once again the Clanwars.cc rep was telling the truth and the Renegadeforums.com rep was lying, but then it's only the 20th or 30th time that's happened in the last few weeks)
