I've got some questions;

When I use the new LE to export a .MIX it freezes, it suddenly does this. Any idea how to fix this?

When I make a map, what music may I put in? anything I like?
(I mean, do I need to worry about legality?)

And also, I'm making a building with aggregate
http://www.renhelp.net/index.php?mod=Tutorials&action=vi ew&id=3 everything works, only there are 2 buildings and they go trough each-other
