(via digg)

This guy is crazy:  
[http://duggmirror.com/hardware/Photos\\_Guy\\_Plays\\_Quake\\_3\\_while\\_Computer\\_is\\_being\\_Deep\\_Fried\\_w\\_Fries/](http://duggmirror.com/hardware/Photos_Guy_Plays_Quake_3_while_Computer_is_being_Deep_Fried_w_Fries/)

What amazes me is that the PC ran (mostly) happily afterwards.
