I saw a post by Dave4989 talking about his community "RenForce" awhile back so I asked him if he'd be interested negotiating some sort of merger. But I was under the impression that the community was legitimate and not run by little kids. By the time he had got back to me, I realized that he was 14yrs old and his community was dead - so I blew him off.

But apparently that's good enough for your "community".

I don't have any friends outside of the net? Haha, is that the best comeback you could think of? I'm dating a model. I'm obviously doing something right, nerd.
