[NEFobby[GEN] wrote on Wed, 18 October 2006 03:00]I've just read this post right now.

Now when I first joined the RenCorner Moderation, I just thought it was any server looking for moderators. So I wrote down the website, went over to the forums and posted my application.

After I applied, I found out who was behind this- teh pwnerer, animo, iccy, neronhost guy, whatever his name is. I didn't want to go ahead and say "FUCK YOU" right after I applied for moderator... so I just went with it.

Today I've read this thread and heard a lot of words, and I'll have to say that it's best if my moderation status on RenCorner.net is renounced. I think it's best if I just stick to moderating my own things.

I just feel that I shouldn't be associating myself in this.

Thanks anyway.

yeah. when i first joined the server i saw the mod app thing and went to the site; this was before they allied, and i applied.

i was a mod for one night.

i reapplied when they allied and never heard anything after that.

now all this has been exposed, i'm glad im not a mod of a server that cheats.

fucking n00bs
