Teh-Pwnerer wrote on Wed, 06 September 2006 15:37I think I am just abit older then Nightma, I will be 16 soon in like 3-4 months from now.
...You do realize that April is 6 months away from October, and you said this in the beginning of September. You suck at math. I just hope you don't grow up to be an accountant. Alongside fucking up your job, you'd probably try to steal someone's identity. You've done it enough, and just yesterday you admitted to doing it. What a sad little kid you are.
