GASP! I saw horror movies when I was even younger than what you describe.

I guess that means I'm in trouble!

(Wait, I have a successful career, great IQ and nothing relating to anything you just stated... guess that proves you wrong!)

(Second wait... I thought it was video games, not movies who were to blame...)

Edit: With all this complaining, I wonder what Thrash has actually done to solve these problems. Other than annoying us with his rants, that is....
