About siggies: TK2 operates a policy of a total maximum space of 450*300 pixels can be allowed and it doesn't matter what you put in it (images, text or whatever). It gives a good limit.

You can have e.g.

2 images of 450*150 without any text

or 10 lines of text (more or less) without any images

or ...

All in all good to read that you guys are doing this.
