Does anyone hate it when Little wanker N00bs....

=Sit outside a enemy building with a tank and wait for it to get to 1 shot left so they can destroy it and grab the rec.

=Use a tech to destroy a building a beacon is on even though they can get to another buidling.

=Continusily shoot a enemy building a beacon is already on.

=Buy A SBH or equily useless unit in a situation where your base is udner attack, and then go wander around in the feild.

sorry but these 4 things happend to me about 5 times each in a game I just played and I needed to vent.
