CarrierII wrote on Sat, 18 November 2006 20:23In answer to one question: Renguard renames game.exe (the original one placed by the westwood installer) to game2.exe so that when Renguard places itself in your ren folder, all your standard shortcuts work.

I don't know how to fix this.

Let me rephrase what both of you said now. Renguard renames the game.exe to game2.exe when you install renguard. The original is game2.exe. I hope this helps lol
