Alex wrote on Mon, 20 November 2006 16:19(I'm running Windows XP SP2, 34bit, First time for this error.)

Do you mean 32 or 64 bit? You seem to have a bit of each there, and I don't like to assume

Based on the fact you have the RG window open I think you meant 32bit, does the problem occur every time or just now and then? Perhaps try waiting a bit longer before clicking anything, give it a chance to finish loading.
