When was the last time you saw Germany, the UK, Russia, China, etc. say "fuck ya'll I'll just do this alone"?

They are quite literally the UN enforcers and the only ones capable of achieving objectives alone if needed.

The UK is usually close to follow as well.

The Falklands? UK went alone.

Only ones capable? Total Bullshit.

The UK shows as much support per head of population as the Yanks do.
