Yes only put the script "JFW_Flying_Infantry_Powerup" on the power up to make them fly.

And if you want you infantry to regen 10 health every second it should look like this:

If you want you infantry to regen 10 health every 4 seconds you would change the 1 to 4.
Or if you want you infantry to regen 20 health every second you would change the 10 to 20.
