can someone help me please. Why is it that people can suspect me from cheating and i am not allowed to suspect them from cheating.

Am i not entitled to my opinions?

It all began when i killed a black hand using my tank. I could see it! They called me cheater and kicked me from noobstories.com

I was furious. I installed this program...played the game and suspected people from cheating to on my basis..just as a form of security.

Then they kicked and banned me.

I believe this server is quite unfriendly while they say its a noob server. Please anyone can help me?
