---

I made a map a simple train and i wanted bot's to fight on it so i made the bot's attached a script made a .mix outa well it crashed so i madea .pkg outa it and it still crash's.

Can anyone help me plz?

Is it becus i edited the main C&C unit?

Or did the script i use crash it?

I used JFW\_Goto\_Object\_On\_Start\_Up
