f100d3d wrote on Thu, 14 December 2006 13:45 For that reason, I have recently thrown up RenUnderground :: OldSchool AOW on a000000H which has no donation, no crates, no drop mod, 0 starting credits, 18 player max, and pedestal off. 90% of the community would find that boring -- which is why these features are normally enabled. But when you join an "oldschool" server such as this one, you expect more professional gameplay which is why the settings are the way that they are.
This sounds like my kind of server tbh...
