Wrote this in the other topic (other products), but it also applies here for anyone who is interested.

danpaul88 wrote on Thu, 21 December 2006 16:21Again I have chosen to provide a mirror of the scripts.dll download including the files in the correct layout for placing into the Renegade folder without working out what goes where.

Download with .dll and other required files only

Download with .dll and other required files, plus folder containing the original source code.
