j_ball430 wrote on Thu, 21 December 2006 10:29 Yeah, I'd rather pay the extra \$10 to actually go to a store and purchase a XBox 360 that I KNOW is brand new, and hasn't been tampered with. I'll also know that I'm actually getting what I'm paying for. Not to mention I won't have to worry about it being dropped or mishandled while being shipped.

If you're selling it for \$10 under the retail price, it's not worth it.

If you're buying it from a retail store with a business license don't forget sales tax.
