And I actually remember seeing that and other Sony ad's that were good. Very good commercials that were brilliantly made. Even the PS2 commercials were excellent.

It's sort of sad seeing them descending to these sorts of depths with their advertising. What next, pulling Meme's off of /b/ at 4chan and using those to seem cool? =/
That was a good commercial, lol. Bet the US FCC wouldn't allow that one.

But yea, in comparison with the ones that Canadacdn posted, old Song adverts > new Sony adverts.
