ok just stop arging agout the mistake.

anyway, I have been in servers where this did happen.

The only complaint i would have is if you kill a sniper and you run back to base to buy an SBH. its alot harder to be an SHB and get a sniepr gun then it would be to do it the way I just mentiond. Have it only for like the low level weapons, anything higher would be too much of an advantage for nod's SBH.

If they want a powerful gun, they just got to pick it up while an SBH.
