Lol I live near you. Where is queens village? How far is it from forest hills?

And no problem on the support.

I am just severly pissed off at the fact that troopr02 is attacking you and your clan. A kid of his age & immaturity does not deserve a shot at a clan if he thinks dissing them is "1337 pwn0ring them" He has the balls to talk shit, but doesn't have the balls to go against me in a 1v1 on xbox live.

He simply cannot take that he was once you, denied from a big clan, and started a clan of his own, that was unsucessfull, and it worked irrelevant to how a clan should be like.

f100d3d, on the other hand, he is also very respectful, and takes the right decisions. He has taught me how I am today. And he made the right decision to kicking out troopr02 clan before they humiliate their sucessful community even more.

[BHE] will be a sucessfull clan, I can see it that you try to facilitate your clan. I suggest that f100d3d looks into your clan, sees the good and sees the potential you have stored in, and he will probably invite you to be sponsered by his community. He will lead you in the right direction if you don't know how to or if you would like some assistance. Don't forget, you can ask me shit too, I ran RenCorner.net a while back, but it had some convicted cheaters I was informed of but that I didn't believe of, and therefore it was shutdown. jd123123 also tried fucking Goku's server. (Now banned from allot of places)
