Crimson wrote on Sun, 07 January 2007 06:46I don't understand how banning 0x90 (who doesn't play Renegade) from XWIS is going to stop him from making his particular software. The idea that an XWIS ban would stop a cheater for a moment from ruining Renegade games is laughable at best.
What's laughable is the admins don't take any official stance of opposition. I know it probably wouldn't stop him trying to destroy this game, but it'd send a clear message that you don't plan on tolerating it, wouldn't it?

Crimson wrote on Sun, 07 January 2007 06:46And apparently we're supposed to ban someone who helps people with their RenGuard problems. I guess I have a lot of banning to do.
Do you not think it reflects negatively on this forum and Renguard that you're happy to let a piece of pond life like 0x90 do your job for you?
