Public posts from him such as:

"Attempting to reason with you is like trying to teach algebra to a chimp, it really is..."

"The difference between you and I is I am capable of handling my official projects in a mature, unbiased, and uncorrupt way."

...do, in fact, qualify. And it was only getting worse. He is claiming that our contact at EA didn't tell me that this crap needed to end, but as far as I know he wasn't secretly listening into the phone call. He said that we either needed to work it out or stop talking to each other. I chose the latter.
