Warranto:

For as long as you keep acting like a twat, I will keep making posts. Just because you don't agree with me DOES NOT give you the right to close them. These are the official Renegade forums of which you have been entrusted a position of authority. This DOES NOT entitle you to bias and unfair treatment of people who do not agree with you. That would make you a bad mod. I tried to be reasonable in my last thread and now you're just TRYING to make it worse. I'm not intimidated by you or anyone else here, so save some space and leave a thread open (in the hot topics forum where it belongs) so that I don't have to keep creating new ones.

And don't you dare try to say "if you create another one..." because the reason I'm creating new ones is because you're dodging me like a coward in the ones you close.

People may look at me like I'm being to aggressive about this, but take a look at yourself closing topics because you don't know how to properly respond to them. That is mod abuse. I'm just fed up with the growing tyranny. I dare you to see where it gets you. You're sealing your own fate.
