Crimson wrote on Sat, 13 January 2007 21:19The problem I see is the things that drug addicts do in order to get the financial means to pay for their high. I have an uncle who was a drug addict (he's dead now, thank goodness)... he was in and out of jail from early teens for breaking into people's houses and stealing shit to sell. Having marijuana illegal at this point is a strong deterrent, allowing everyone over 18 to use it would encourage more people to take up the habit.

That's kinda my point about prohibition.
