I was reading into some more stories in the server owners section and something finally clicked... Below is info about 2 clans caught cheating (who both at first deny'd it) and now are dead. To start off, lest do [ZT]. Let me tell you about it...

[ZT] aka "Zero Tolarance" 2 months ago I believe, by mastermoe1 (who is also the leader), WHO is a convicted cheater (thread in server owners section so I copy and pasted):

Just a little note, I somewhat popular GSA player was caught cheating today.

mastermoe1 68.40.155.252

Log from GSA of a message sent to his neighbor when asked if he was cheating.

{WG}StoneCold (10/11/06 21:28 PM)

httthe admit it to me that he was ccheatin hold up while i get the log

{WG}StoneCold (10/11/06 21:29 PM)

mastermoe1 (10/11/06 21:23 PM) i got a cheat fore renegade

{WG}StoneCold (10/11/06 21:29 PM)

he told me that in a pm

2016.30 WGbot11:03[Vehicle Purchase] {WG}S_O_A_S purchased a Nod Buggy

2016.30 WGbot11:04 mastermoe1 killed {WG}S_O_A_S (GDI Minigunner/Auto Rifle vs Nod Engineer)

2016.32 WGbot11:04 mastermoe1 killed ChemicalCard (GDI Minigunner/Auto Rifle vs Nod Minigunner 04)

2016.33 WGbot11:04 mastermoe1 killed SpongeBongSquareHash (GDI Minigunner/Auto Rifle vs Nod Engineer)

2016.36 WGbot11:05 mastermoe1 destroyed a Nod Buggy (GDI Minigunner/Auto Rifle)

note the time frame and such all within 6 seconds basically he did this damage with an auto rifle.

So just a little heads up to you guys.

Ok, next thing to know, the first 2 members were 2 former {WG} members (and WG got shutdown for cheating aswell), Atomic ([ZT]Atmoic0ne), and Stone ([ZT]Stonecold). Atomic is also a proven nickname exploiter and thats why he's banned from xphaze (go tlak to them if u want proof of this), and stone is the neighbor and good friend of mastermoe1 (a convicted cheater keep in mind) and has had cheat suspicions in the past (the fault reats on BiO for not looking into it). SO, [ZT] is lead by a convicted cheater, has 1 nickname exploiter (atomic), and 1 higly suspicious character (stone)

The next clan, is [BHE]. Started by a f1re(something) and Crazyyme99, who both were regulars in the TRPM server and wanted a clan tryout but didnt even get a tryout cuz they seemed soo shitty

(basically not worth anyone's time). So after being denied a tryout by me, they decide to started their own clan, hence blackhand Elite (BHE). I later found out, ex-trpm14+18 were using big bodies, so I kicked them from the clan and they went to join BHE 18 is now known as BHEkiller (as seen on these forums) and is the leader of BHE. He is 13 yrs old, and admitted to me and fI00d3d that he DOES use big bodies (id LOVE to see him deny this), and ex-14 is BHEsharp. As shown here:

^look in the background. At that moment he was using his other nick, sharpiei, and fI00d3d again can vouche saying he cheats. So bascially BHE=convicted cheaters.ALSO, on a part of the tsunami-alliance forums, a one smeagol06 posted:

"Omg...what a lousy clan[BHE] is. I dont mean any offense to those in[BHE]that are good...But so far i see.many [BHE] clan members either got accused of cheating or get flame by their own VLAN MEMBERS. I mean.look,how sad is that.

P.S:To the [BHE] clan leader,next time you recruit people into your clan,Make sure they are good and not NOOBY cheaters and GTA people and stuff like that.Its just so sad that [BHE] has so many cheaters and noobs,NOT ALL,but some who totally ruin the image of [BHE]clan."

BUT WAIT, theres more

In a recent BHE vs BiO CW:

"Bio did a 3v3 funwar vs BHE. They called us hackers, but didn't want to test us. Apparently they decided rather than supporting their claim by some kind of facts, it would be wiser to give final renegade a go."

Moving to a bigger scale, Tsunami Alliance. After kicking 14 and 18 from my clan, they went to join BHE, which then joined the Tsunami Alliance. I had warned fI00d3d that they were cheaters from day #1, about 2 weeks later the incident with BiO happens. This is "told you so #1". The leader of BHE (killer, convicted cheater) has now moved on and joined R*R, another tsunami alliance clan. So what does this mean? I don't suggest warring R*R And basically this means anyone clan that contains convicted cheaters, or plans on using cheats, visit www.tsugaming.com, you'll get all the support you need

Pretty funny, before the BiO thing, and after I proved myself by having killer admit to using big bodes on teamspeak, fI00d3d starts this thread on the forums:

Great Stuff, ROFL. Anyway, in conclusion, anyone who said I dodged a CW with [ZT], can you say "I told you so" ? ANd there is everything you'll ever need to know.
