Ive got planetside, and i have ti say its one of the best games ever. And yes.. if you do it on your own its boring, cos you dont progress. If you read the fukin manual/cd case you will see its aimed as a team game. So dont complain you dont like the game, cos you dont know how to play it and needs some more thought then renegade, which anyone can pick up.

I love the my Reaver and how i swoop down and rocket some poor bastard to death... satisfying  
:twisted:
