Refill 5 out of 40 times? Now that leaves a "WTF" sign in my head.

This could either be

- You meant to refill 40 times (like, you do it every game), but only did 5 times and it's a big achievement
- Your Renegade supports only 40 refills, and you were lucky you only needed 5 refills

Or you mean reload when you say refill

- Same like above except "reload" instead of "refill"
- You got so many kills with just 5 reloads with ramjet, that probably means you have hax on.
- Your ramjet supports only 40 refills, and you used only 5 refills, but you still hax tbh.

Now tell me, which one?
