Honestly.

UNRULES can go fuck themselves.

I got banned for saying "lol wow tthom ure a n00b" cause it was 2v1

me vs tthom and boner

I was owning them, then they decided to be noobs and ban me! I have screen shots (2 of my teammates were fooling around and UN had a new player called newplayer..)

I was owning them..

First I was rgforced (I thought I had it on.. then again, rg disconnects me allot)

Then I was kickbanned. Wow, wtf?

Screenshots are attached.
