do u even know who the admins are? besides the yonnie bs, not 1 of our admins have been accused (exept maybe mole, he gets hs's like 80% of the time), besides mole all the admins suck

unless u have some proof to your bs claims, shut your hole

I happen to be the guy that caught Yonegga cheating, thanks. Xian used *cheat name removed*, and the other admins resigned.. I know Mole doesn't cheat unless he just started it recently. Last time I played a clanwar with him he ended up leaving because he thought I cheated.
