ROFL ^^ SeargentSarg, AKA Matix, AKA Teh-Pwnerer.

I dont steal from communities retard, its the other way around right.. You were the 1 that just offered Kamuix a box, MY HOSTING, a domain FROM MY HOSTING. for the 04 nickname, I say thats a little bit different, get ur shit together, and learn to stay quiet.

Ok fine..

You have created litterally 100's of clans / communities that all died within a week. Your lucky DubServ's managed to live this long. You think you know everything, and quite frankly, you need to die in a hole real quick.

"You were the 1 that just offered Kamuix a box, MY HOSTING, a domain FROM MY HOSTING. for the 04 nickname,"

I asked you for webhosting only and you don't even offer domains, big whoop, I am assoicated with the creator of SBot and Alex. We will be working together with neronhost and nerongaming. We will offer Kamuix the webhosting and domains. Besides, your webhosting reseller sucks.

Personally, just leave me alone. I am not the one advertising "DubServs" and it shitty irc network splitting.

P.S. Thanks again for showing everyone who I am..

Your just one of the people trying to be as successful as fl00d3d. Everyone knows who the fuck I am. And I don't give a fuck. Grow up.
