Honestly, just ban him..

This kid told me many times, "imma quit renegade" in the middle of last year. He was one of the many reasons why my community went down sometime ago, and he will always be full of crap. He lies everyday, and god knows how many times a day. No one should trust him, and me and xpert kinda proved it there. On my behalf tho, why isn't there a punishment for trying to login to another one's account without permission just to read a forum HE/SHE (the person trying to get access too) doesn't have?

P.S. Crimson: We all make many mistakes, which is how shit happens. IccyTouch made the biggest mistake of all. If tyler wouldn't have bought A0000006 and never got big server, you guys wouldn't even consider linking ircs. And plus, you never even had the time to find out who he is.. (Is is possibly sm0ke - cheats = tyler.)
