Besides this Super Bowl, the 2001 Super Bowl showcased two horrible teams.

I really don't care what anybody says about a team making it to the Super Bowl. The teams that should have ended in the Super Bowl are the Saints and Patriots or the Chargers. The Colts and Bears suck.

But neither of them made it to the Superbowl because they were owned (not beaten) by the Bears and Colts.

Yes, because a last minute field goal means you "owned" that team.

Also, late scoring drives made off of mistakes sure is called "owning" a team, too.
