SeargentSarg wrote on Mon, 05 February 2007 16:19 Does it only lag for you? You might be way to far from the server and that causes lag.

I've tested it with people from westcoast US/eastcoast/canada/europe/china. all got same problem.

bandwith up=0

it even lags with 10 o.O, but when i host a demo server even 50 runs 100% lagless.
