So basically, the first game I won, and he acknowledge it. The last bit I got cocky and let him have my base cuz i was gonna nuke his wf. Anyway, I won mvp on that map, so +1 for me. Then i said i g2g, but i decided to play another game (2am my time) and I actually dont remember what happened, but I played the start anyway. He was up 200 points I think. The other game I won by 2k i think. I got ss's of everything too, but too lazy to dig em up with all the rest. Anyway, I saw him ingame, he was doing better than his 1/17 i saw last time, so I decided he might be worth my time PM'd him a 1vs1 and it was just a quick thing. If you call the last game a win, its 1-1. I guess 1 more game would settle it
