coolmantmajikentcoolmantProbably not because McDonalds is probably paying him minimum wage

Probably not... the McDonalds by where I live starts normally around \$8-9/hour.

So what are you saying, that you want to work there? That \$8-9 is a decent pay? Because I don't think so...

I never said I want to work there, nor do I think that is decent pay. I'm just saying it's much over minimum wage and wouldn't be a bad place to start.
