I hate renegade now. When I first bought it, it was fun, but then they dropped the price and a buch of loud mouth losers signed up to play. So instead of teamwork and fun games, there was whining. And if someone tried to get a plan together to actually win, there was nothing but "stfu" or "that's what i thought someone with X rank would say. And this message board confirmed it. rather than argue the merits of one game over the other, you'd rather toss around idiot slang like "owned." Owned! Owned! that's a cool word.

Oh and forums, in general, suck too.
