lifen803I hate renegade now. When I first bought it, it was fun, but then they dropped the price and a buch of loud mouth losers signed up to play. So instead of teamwork and fun games, there was whining. And if someone tried to get a plan together to actually win, there was nothing but "stfu" or "that's what i thought someone with X rank would say. And this message board confirmed it. rather than argue the merits of one game over the other, you'd rather toss around idiot slang like "owned." Owned! Owned! that's a cool word.

Oh and forums, in general, suck too.

Are you daft or something?

You come in here and tell to all of us that our servers all suck. And you expect a hardy welcome and debate? Looks like you need a few lessons in delivery, because you're flying so far off the wall you're never going to be getting back on.

Oh yeah, please eat shit and die. -- Clan FUD.
