spoken like a true liberal. Funny, when you have a liberal trapped, they always seem to lash out. nuke, when you have kids and see where all your money goes then come talk to me. until then, you stfu. by the way, given you are only 14, i am sure it is going to be awhile before you have children (thank god)

Suprisingly, he's 18, although his higher thinking abilities would support the 14 year old theory.

Joe hit it on the head. There are far more things to tax paying than just giving a percentage of your burger king paycheck.

Wait till you are paying 4000 in property taxes, and wondering why 50 % of the children in your school district don't graduate, yet 95 % of that tax money went to local school, who, by the way wants a 12 million dollar addition to house it's failing students in.

If that doesn't piss you off, nothing will.
