Update:

finished the Server in Sbot.

added: it will now draw a line, to show someone attacking. It will draw it in the teams colour. it will draw a coloured "dot" now for the players in the team colour.

added: It loads a map on connect.

added: vehicals, finished engine. just making little icons.

added: a few maps

added: an ini system so fanmaps can be added without update.

todo: add a building system

todo: add player info to the dots

todo: finish scripts.dll scripts
