Welcome.

1. Install patch 1.037 if you have not already done so. You can get it [here](#).
  2. Run Renegade, go to Multiplayer Internet -> WOL (Westwood Online) -> Advanced Game Listings. Just type in the account name you wish to use and the password you wish to use and the account will automatically be created for you. Log out and close Renegade.
  3. Install Renguard anti-cheat. You can get it [here](#).
  4. [optional] Install CP2 (Core Patch 2). This is automatically downloaded and installed from Renguard if you enable Core Patches.
  5. Have fun!
