Well, After Ironwarrior pm'd me Yesterday about RenGuard Update coming soon, i thought it would be a good idea to ask this ( i had this in mind for some months, but i just didn't use RenGuard then ) I'm Using a Infantry-Add-on Pack from C&C Source, those are W3D files, so when i installed them, RG Didn't Allow them, fine, i just Deleted RenGuard, cause i just wanted the W3D Files ( Make Ren more Realistic --> Ren Beta Stuff ) anyway, here are some Screenshots ( only the Havoc Bandanna not ss's ( cause i didn't like it )

And

For the Details: The Pack adds: Chemmer Backpack, Flamethrower Backpack, Havoc Bandanna and Mendoza with a cigar that unleashes smoke

Downloadable here: <http://www.cnc-source.com/files/pafiledb.php?action=file&id=458> or Check the Attachment

That was it
