I know this game, hehe...

This was the one where all my GDI teammates were all in the tunnels and unable to defend the APC rush that went to the AGT.

We then bonded together and took home the gold for the next 35 minutes...Poor Nod, they forgot how to play as a team after killing the AGT so GDI walked all over them. Just because you are playing Renegade doesn't mean you go renegade on the rest of your team.

After finishing as MVP and most kills I had a most wonderful experience.
